Week 15 – ARC Virtual 5k Handicap Results

This week saw ARC take on Sneyd Striders in a 'head to head' race. Congratulations go to Sneyd for triumphing in this event:

- Number of runners participating: ARC - 28 (10 of whom ran season bests), Sneyd: 51 (23 of whom ran season bests).
- Average time compared to season best: ARC +40 seconds (ie 40 seconds slower than best time on average), Sneyd +12 seconds (12 seconds slower on average)

There will be a rematch!

Rules

- Before beginning your first run you must send Mark O'Rourke an EMAIL** with your FASTEST parkrun (or other evidenced 5k) time from the last 12 months with your name to be entered into the event.
- You will be assigned a handicap score (which will NOT be shared with you or anyone!) from which Mark will be able to statistically adjust weekly recorded times.
- You must run 3.11miles (or 5k) each week between 09:00 on Saturday and 22:00 on Thursday.
- You must record this run (without interruption) on a GPS device (Strava, Garmin Connect, etc) and send evidence via EMAIL to Mark by Friday at 22:00.
- Over the weekend Mark will calculate adjusted times and aim to upload a league table of results before the Tuesday.
- There will be a published top 10 of "adjusted" times and also top 10 of "absolute" times.
- All runs must be completed by yourself alone and in line with the government guidance of the necessary time period (i.e. presently not running while showing symptoms and self-isolating). It may be the virtual runs need to be suspended if government guidance dictates.
- No tinkering with times, GPS or stopping watches part way through runs – the organiser reserves the right to adjust runs he feels might involve this!
- Any 3.11mile (or 5k) route can be used so think carefully about elevation, crossing roads, etc.
- The same route does NOT need to be used each week.
- You can only submit ONE time each week.
- Your handicap is calculated by subtracting the club record (16:12) from your best time over the last 12 months (including any handicap times from previous weeks). Adjusted times are calculated by subtracting your handicap from your week's result. Improver times show the difference in seconds between this week's time and last week's.
- All decisions made by the organiser are final – no appeals, no arguing, no moaning (it's only for fun folks!).

** If you do not have Mark's email address please email your initial time to aldridgerunningclub@gmail.com and ask them to forward your message.
